Changing The Subject: Philosophy From Socrates to Adorno

Philosophy is the study of the fundamental nature of reality, knowledge, and existence. It is a vast and complex subject that has been explored by thinkers for centuries. *Changing The Subject: Philosophy From Socrates to Adorno* is a comprehensive and engaging exploration of the history of philosophy. This book provides a critical overview of the major philosophical traditions and thinkers, from the early Greeks to the present day.

Changing The Subject is divided into four parts. The first part, "The Ancient World," examines the origins of philosophy in ancient Greece. This section covers the pre-Socratics, Socrates, Plato, and Aristotle. The second part, "The Middle Ages," explores the development of philosophy in the medieval period. This section covers the rise of Christianity, the development of Scholasticism, and the work of Thomas Aquinas. The third part, "The Modern World," examines the development of philosophy in the modern period. This section covers the Renaissance, the Enlightenment, and the work of Descartes, Kant, and Hegel.
