Barrett, a law professor at the University of Notre Dame, has spent years studying the abortion debate. She has read the legal briefs, the medical literature, and the philosophical arguments. She has also listened to the stories of women who have had abortions, and to the stories of those who have been affected by abortion.

In *Clarity*, Barrett draws on all of this research and experience to offer a clear and concise overview of the abortion debate. She explains the legal, medical, and ethical issues involved. She also provides a balanced and fair-minded assessment of the arguments on both sides of the debate.

Barrett's goal in writing *Clarity* is to help readers understand the abortion debate more clearly. She wants to help readers to see the different

perspectives on this issue, and to make their own informed decisions about it.
