By J.R. Moehringer

In his latest non-fiction book, Pulitzer Prize-winning author J.R. Moehringer takes readers on a journey through the American Midwest, exploring the lives of people living in this often overlooked region of the country.

Moehringer's journey begins in his hometown of Williston, North Dakota, a small town that has been hit hard by the economic downturn. He talks to farmers, factory workers, and small business owners, and he learns about the challenges they face in a changing economy.

From Williston, Moehringer travels to other parts of the Midwest, including Iowa, Illinois, and Ohio. He meets a wide range of people, from a young

couple who is struggling to make ends meet to a retired farmer who is worried about the future of his family farm.

Through his conversations with these people, Moehringer paints a vivid portrait of the American Midwest. He shows us the challenges that people face in this region, but he also shows us the resilience and strength of the people who live here.

Notes from Grown Up Country is a powerful and moving book that will open your eyes to the lives of people living in the American Midwest. It is a book that will stay with you long after you finish reading it.
