ビジュアル

ISSUE SIX

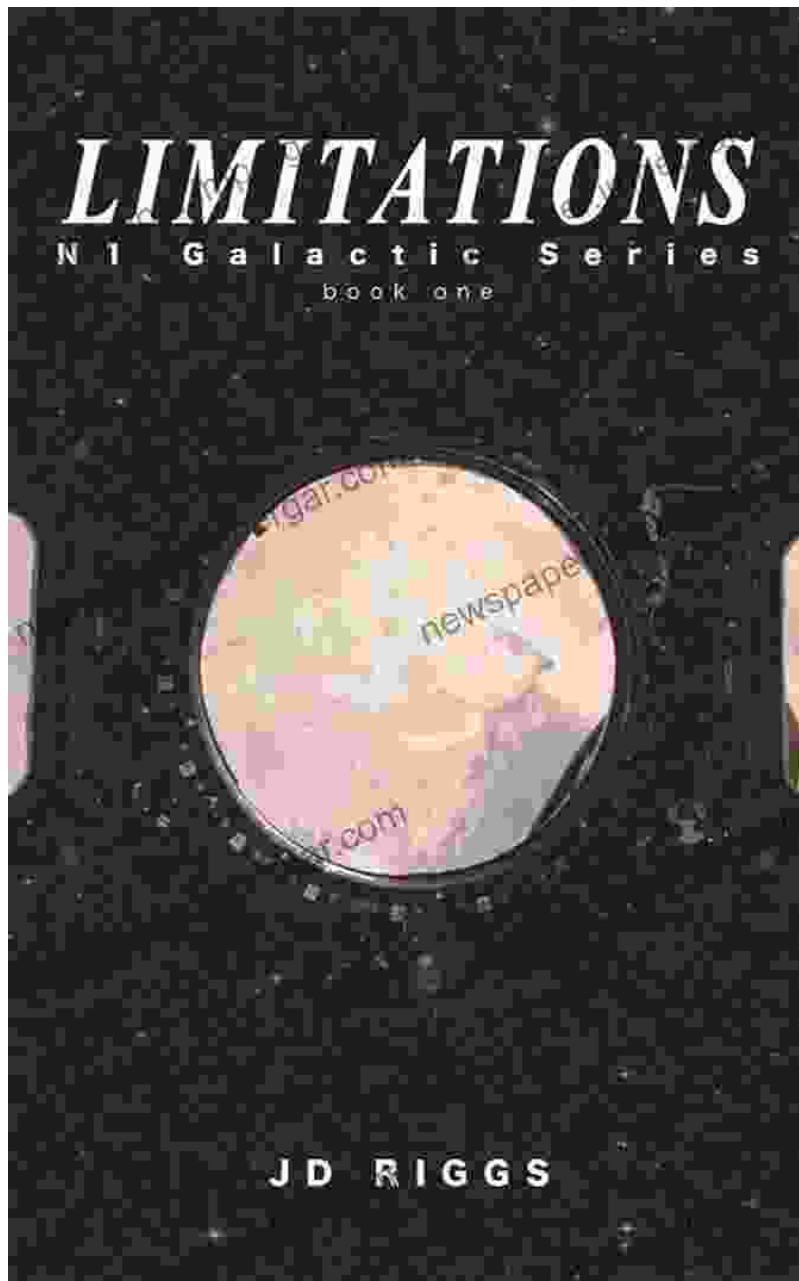

Riselvato's work is characterized by its use of light and shadow. He often uses long exposures and multiple exposures to create images that are both ethereal and otherworldly. His photographs are often abstract, but they always retain a sense of realism. They invite us to look closer, to see the world in a new way.

John Riselvato, 'Untitled (Mandala)'

In Visual Signals Issue Six, Riselvato explores a wide range of subjects. He photographs the human body in all its beauty and complexity. He captures the vastness of the cosmos and the intricate details of the natural world. His photographs are a testament to the power of photography to reveal the unseen.

Visual Signals Issue Six is a must-have for anyone interested in photography, art, or the unseen world. Riselvato's photographs are both beautiful and thought-provoking. They will stay with you long after you have put the book down.

Visual Signals Issue Six is available now from visualsignals.org.
